

Poad's Educational Trust – Newton Parish Residents

Grants are available towards the cost of educational activities for children and young people up to the age of 25. The term 'educational' is in its widest sense. Claims are made retrospectively, and the trustees meet yearly, usually in May. All requests must be submitted by the end of March. Forms are available from the trustees and on the Village Website.

Please do not hesitate to contact someone if you would like more information.
